ABOUT ME

I am a dedicated UX/UI Designer and Front-End Developer specializing in brand identity and responsive web solutions. With expertise in the Adobe Suite, Figma, and HTML/CSS, I drive projects through thorough planning and active team collaboration, ensuring every design challenge is met with multiple, well-considered solutions. Seeking a position where a detail-oriented approach can create lasting, impactful visual brand assets and functional user experiences.

EXPERIENCE

McDonalds, Vancouver BC

April 2022 - PRESENT

- . Prepared and delivered 100+ customer orders per shift with accuracy and efficiency in a fast-paced environment
